S/N	Knowledge Area	Tasks/ Knowledge check	Target	Self Evaluation			First Evaluation			Final Evaluation		
				Date	Evaluation	Score	Date	Evaluation	Score	Date	Evaluation	Score
1	Polybag test method	Can mention the grading units of TAMU	3		02345		02345		02345		02345	
		Can identify the materials/tools required to perform TAMU checks	3		02345		02345		02345		02345	
		Knows the sampling frequency and sampling size for Polybag TAMU check	3		02345		02345		02345		02345	
		Knows that TAMU must be conducted during start up, during normal run, when starting from line	3		02345		02345		02345		02345	
		Can perform cross seal test method and evaluate the grading and release criteria	3		02345		02345		02345		02345	
		Can perform drop test on bags and evaluate the grading and release criteria	3		02345		02345		02345		02345	
		Can perform TAMU check for print quality and give rating and release criteria	3		02345		02345		02345		02345	
		Can perform TAMU check for backlap Overlap, give rating and release criteria	3		02345		02345		02345		02345	
		Can perform TAMU on bag for dirt, oil, product on pack and give rating and release criteria	3		02345		02345		02345		02345	
		Can perform TAMU for Top and bottom seal wrinkles and give rating and release criteria	3		02345		02345		02345		02345	
		Can perform Artwork Registration check and give rating and release criteria	3		02345		02345		02345		02345	
		Can explain the coding structure, check code structure correctness on the bag and give rating and release criteria	3		02345		02345		02345		02345	
		Can perform TAMU for right number of pin-hole presence on bag and give rating and release criteria	3		02345		02345		02345		02345	
		Can perform TAMU to check perforation for String bag and give rating and release criteria	3		02345		02345		02345		02345	
		2	Poly woven Test method	Can perform TAMU for consumer units completeness check for String bag, give rating and release criteria	3		02345		02345		02345	
Can perform TAMU for dirt, oil, product on pack and give rating and release criteria	3				02345		02345		02345		02345	
Can perform Artwork Registration check and give rating and release criteria	3				02345		02345		02345		02345	
Can perform TAMU check for print quality and give rating and release criteria	3				02345		02345		02345		02345	
Can perform TAMU seal quality, measure seal gap of stitching, give rating and release criteria	3				02345		02345		02345		02345	
Can perform TAMU check for print quality and give rating and release criteria	3				02345		02345		02345		02345	
Can perform TAMU check for print quality and give rating and release criteria	3				02345		02345		02345		02345	
Can perform TAMU check for print quality and give rating and release criteria	3				02345		02345		02345		02345	
Can perform TAMU check for print quality and give rating and release criteria	3				02345		02345		02345		02345	
Can perform TAMU check for print quality and give rating and release criteria	3				02345		02345		02345		02345	
Can perform TAMU check for print quality and give rating and release criteria	3				02345		02345		02345		02345	
Can perform TAMU check for print quality and give rating and release criteria	3				02345		02345		02345		02345	
Can perform TAMU check for print quality and give rating and release criteria	3				02345		02345		02345		02345	
Can perform TAMU check for print quality and give rating and release criteria	3				02345		02345		02345		02345	
3	Pallet TAMU checks			Can perform finished pallet stretch wrap quality, roping, turns at bottom and top of the stretch wrapped pallet	3		02345		02345		02345	
		Can check for finished pallet quality, overhang and underhang on finished product pallet and give rating	3		02345		02345		02345		02345	
		Can perform TAMU on finished product pallet to check stacking as per SPS	3		02345		02345		02345		02345	
		Can perform finished product pallet presence, content and position conforms to TAMU test method for pallet	3		02345		02345		02345		02345	
		Can check for pallet contamination, pallet damage and pallet completeness	3		02345		02345		02345		02345	
		Knows the sampling frequency and sampling size for Pallet TAMU	3		02345		02345		02345		02345	
		Can perform code structure correctness for Polywoven and give rating and release criteria	3		02345		02345		02345		02345	
		Can perform TAMU for customer units completeness as per IPS, give rating and release criteria	3		02345		02345		02345		02345	
		Can perform Polywoven damage TAMU, give rating and release criteria	3		02345		02345		02345		02345	
		Perform thread Overlength TAMU check, give rating and release criteria	3		02345		02345		02345		02345	
		Can perform TAMU check for print quality and give rating and release criteria	3		02345		02345		02345		02345	
		Can perform TAMU check for print quality and give rating and release criteria	3		02345		02345		02345		02345	
		Can perform TAMU check for print quality and give rating and release criteria	3		02345		02345		02345		02345	
		Can perform TAMU check for print quality and give rating and release criteria	3		02345		02345		02345		02345
